

Cambridge First and Advanced Use of English Part Two open cloze games

Rush to be first to come up with a grammatically correct sentence with a gap that can only be filled by the word your teacher calls out from the list below. Put up your hand when you think you have written one. If another team challenges you because there is something wrong with your sentence or more than one word can go in the gap, you will lose a point. However, if their challenge is incorrect, they lose a point.

Choose one of the words above and give sentences with that word missing until your partner guesses which word you chose.

Do something similar, but this time with two similar but different words that need different sentences.

FCE Use of English Part Two easily confused words practice

Make pairs of sentences contrasting the uses of these pairs of words (meaning where each word can only go in one of the two sentences). Some of the words have several meanings, so try to make sentences with similar meanings if you can.
