

Prepositions of position making sentences TPR game

Instructions for teachers

Cut up one pack of cards per class or per group of two to four students, and prepare the objects which are mentioned such as at least one block. Students take turns making sentences from four cards that the other students should do the action of. The game can also be played with the cards face down to add a fun element of chance or just with the worksheet to save cutting up. Students can also make similar cards to extend the game.
