Sentences with "in case"- Discuss and Agree

Make a true sentence about something that is worth doing to prepare for a possible future difficult situation and say why you think that is a good idea. Does your partner agree with your idea, or is it too much, unnecessary or impossible to do in real life?

Useful phrases for talking about your partner's suggestions

I agree (, in fact I already do that/ and I plan to do that).

That would work, but I think that situation is so unlikely that…

I think that is a bit too much./ I think that's going a bit too far.

I don't think you really need to do that./ I think there's no need to do that.

In my opinion, that's not very realistic./ I don't think you can really do that.

… because…
