

Vocabulary for describing British life list dictation

Without looking below for now, listen to your teacher until you are fairly sure which topic you think all the words are about, then guess the topic.

Label the sections below with their topics, using the mixed list of topics if you need.

Check your answers as a class, asking about two or three words in each section as you do so if you like. (There are too many examples to ask about absolutely everything).

Useful phrases for checking/ clarifying

- What does... **mean**?/ Does...**mean**...?
- What **exactly** is...?
- What's the **difference** between... and...?
- What does... **stand** for?
- Is... the **same** as...?
- Can you **explain**...?
- I'm afraid I don't **understand**...
- Can you give me an **example** of...?
- How would you **translate**...?
- What's the literal **translation** of...?/ What's the word by word **translation** of...?
- What's the normal **translation** of...?

Take turns asking each other about the meaning of the language, using phrases like those above. You can use the key words for checking/ clarifying phrases at the bottom to help if you need to.

Play the same guessing categories game in pairs or small groups.

Useful phrases for correcting someone (politely)

- "I can see why you might think that, but..."
- "It could also be that, but..."
- "I could have been that if I'd said..., but what I actually said was..."
